

DIRECTIONS FROM ALICANTE AIRPORT TO LAS RAMBLAS GOLF

This journey should take about 60 minutes.

REMEMBER YOU SHOULD BE DRIVING ON THE RIGHT HAND SIDE OF THE ROAD!!

Before collecting your car, please phone Myra Burch to let her know your arrival time at the apartment and she will be there to meet you with keys. Her number is 966 764 870. Her husband's numbers are 679 224 085 & 618 200 800. Please remember that these are Spanish numbers so they need the prefix 00 34 before the numbers if you are phoning from an English mobile.

On leaving the car park where you pick up your hire car - follow N332 Alicante Sur.

Take 1st exit signed Cartegena/Santa Pola

This main road takes you through a couple of towns, la Marina, etc...but in general it bypasses all the towns and is the main coast road for this part of Spain

Keep following the signs for Cartegena all the time; stay on N332 and bypass the main town of Torrevieja with the town on your left (on your right you will see the Salt Lakes and salt stored ready for shipment)

This road is still signed Cartegena N332 and you keep on this road, but now look for the following landmarks:

You should drive past

- Motel Las Barcas (on the right)
- Hotel Torrejoven (on the left)
- Bar/Restaurant Asturias (on the right)
- Parade of shops & flats (on the left)

You will now come to a large roundabout (La Zenia roundabout).

At this roundabout you will see a large supermarket called CONSUM which will be at about 1 o'clock direction. Go straight across this roundabout. It will be sign posted "San Pedro del Pinatar".

Continue down this road to the next roundabout which is the Cabo Roig roundabout (landmark is a pyramid in the centre of the roundabout). Go straight across this roundabout. It will be sign posted "Cartegena and San Pedro".

On the right hand side of the road, you will pass some shops and then pass a car centre called "Willem Cars" and then "Global Car Centre" - stay in the right hand lane and take the exit immediately after "Global car Centre". This is sign posted "Dehasa de Campomar".

Turn right into this road with "La Frontera" restaurant on your left hand side as you turn into this road.

After about ¾ mile you will come to a large roundabout. Take 2nd exit, and then get into the left hand lane. Continue straight on the main road (do not take the right fork which is about 200 yards after the roundabout).

You will pass a garden centre on your left.

Be careful of the speed bumps in the road.

The road will soon start going downhill, start indicating that you want to turn left - as you get to the bottom the road will bend sharply to the right - you want to go straight over as Las

Ramblas Golf entrance is ahead of you. **BE CAREFUL OF ONCOMING TRAFFIC** from the right.

Drive through the entrance gates and follow the main road - be careful of the speed bumps in the road.

After a while, you will see ahead of you a large "Las Ramblas" sign with chevrons on the sign. Take the lower road, with the sign in front of you, as the road bends sharp left.

You will see a couple of fancy villas (one painted pink & green) on your left.

You will see ahead of you a fork in the road - take the left fork (below the golf club car park).

This will take you directly into "Calle Anfora". No 822 is about 250 yards on your left.

The entrance to our drive is just after a row of carports. The communal swimming pool is on your right.

Turn left onto the pavement and park alongside the carport.
